### *Beach blades*

Wendy Savlen was one of the many volunteers, organized by the Duxbury Beach Reservation, who helped plant grass on Duxbury Beach last weekend. The volunteers planted more than 30,000 culms of grass which had been transported from Cape May, NJ. The roots help control the erosion of the sand, and work with the pilings and snow fence to rebuild the sand dunes. More photos will appear in next week's *Clipper*.
